WARRANTY

Uncompromising Comfort Even in the Toughest Conditions

Sweltering arvos and frosty mornings aren't a bother when you can control the temperature from 16°C to 30°C with the Series 3. When the days turn sticky and sultry make your home cool and dry ambience with the dehumidifier mode. Go on, get really comfy!

Loaded With Innovative Features

Eco-Friendly

Utilises eco-friendly **R32 refrigerant**, which has a lower global warming potential, reducing your environmental footprint.

DRED Enabled

Demand Response Enabling Device allows the system to reduce power consumption during peak demand periods.

Smart Wi-Fi Control

Adjust settings, set schedules, and monitor your system from anywhere using your smartphone or tablet.

Long-Lasting Performance

Gold fin coating provides superior resistance to corrosion, enhancing durability and maintaining optimal performance over time.

Automated Power-Off

Schedule on/off times with the 24-hour timer for convenient energy saving and personalised comfort.

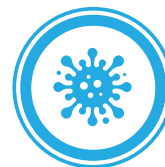

Uniform Heating & Cooling

3D airflow vertical and horizontal swing louvres distribute air evenly in all directions to avoid hot / cold spots in your room.

"I Feel" Optimisation

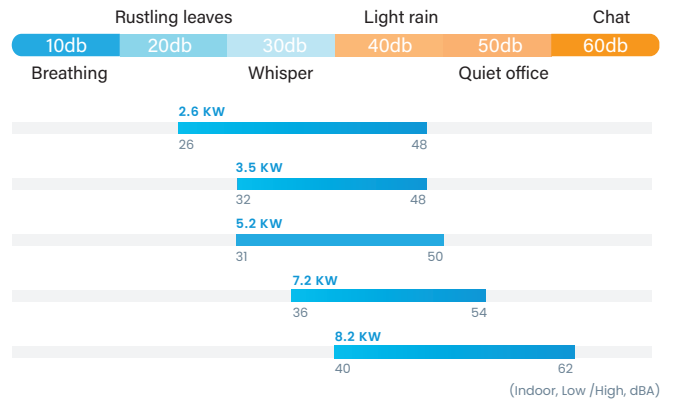

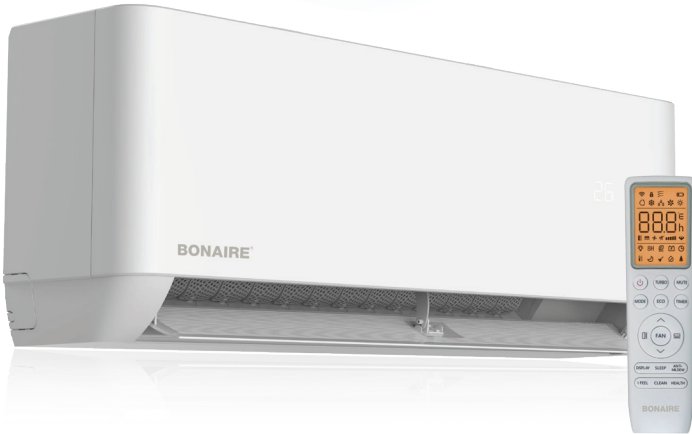

Enables the remote control to measure the temperature at its current location to optimise the temperature around you.

Sterilises & Cleans Itself

Heats the air conditioner's internal components to eliminate bacteria, mould, dust, ensuring cleaner air and enhanced hygiene.

Low Noise for a Better Sleep

Control it From Anywhere

Control your air conditioner from anywhere with the Bonaire app (needs Wi-Fi / data connection). Never stress about leaving it on too long when you head out and arrive home to the perfect temperature.

Energy Efficient Design
